EXPERIMENT OF WU

Chinese Minister Sends Cipher Message to Conger.

ANSWER WILL BE RETURNED

If Latter Is Still Among the Living In Celestial Capital.

CONSUL GOODNOW'S GLOOMY REPORT

The American Representative at Shanghai Is Informed by the Governor of Shan Tung That the Final Attack on the Legations Was Made July 7.

Washington, July 13.—The Chinese minister, Mr. Wu, has undertaken to get through a cipher cable message from Secretary Hay to United States Minister Conger at Peking, and to have the answer brought back if Mr. Conger is alive. The message was prepared by Secretary Hay, and its contents are unknown to any one save him. It was sent to Shanghai, with implicit instructions from Minister Wu to spare no efforts or expense to get it into the hands of Mr. Conger.

Washington, July 13.—The department of state has received a dispatch from Consul General Goodnow, at Shanghai, saying the governor of Shan Tung wires that the Boxers and soldiers were bombarding the legations for a final attack upon July 7. He is extremely anxious for the safety of the ministers and friendly Chinese in Peking. The consul adds that fears of the worst are generally entertained. The state department has also received a dispatch from Consul McWade at Canton, saying that the viceroy, Li Hung Chang, has engaged quarters upon the Chinese steamer Anping, but that the date of his departure for the north is not yet decided.

A short cablegram received at the state department from Consul General Goodnow at Shanghai announcing the beginning of the final attack on the legations at Peking, terribly depressed the officials here.

All along they have suspected that the various communications received from Chinese forces in Shanghai have been preparing the way for the announcement of the extermination of the foreign ministers, their wives, children and attaches, dependents and guards.

The consul general's message, it is understood, is but a repetition of the latest press reports from Shanghai, but the state department has come to place a high estimate on Mr. Goodnow's advice.

It appreciates the fact that he does not send every piece of unreliable gossip afloat in the sensational news center at which he is stationed, but uses good judgment in sifting out the probable from the other kind of news. Moreover, his advice this time is from the Chinese governor of the province wherein Shanghai is situated, and it is hard to conceive of an adequate reason for the falsification of the facts by that official in the direction of this particular report.

Therefore the state department which has all along been hopeful of the ultimate rescue of the ministers at Peking has now joined European chancelleries in the belief that they have all been killed.

The department officials find it hard to estimate the value of the statement of the consul at Canton that Li Hung Chang has again engaged passage northward, owing to the lack of a date on the cable message, and it is suspected that the press dispatches stating that he has abandoned the trip to Peking is of later date than Mr. McWade's notice.

Should the great viceroy go northward his coming to Taku and Tien Tsin would raise a question as to the conditions under which he undertakes to go to Peking, and incidentally, the decision as to whether or not he should be permitted to pass the lines would involve the decision of the old question as to whether or not a state of war exists.

Not Confirmed.

London, July 13.—Though there does not appear to be at this hour any justification for the statement that official confirmation has been received here of the massacre of the international colony at Peking, it is hardly doubted that such confirmation will be the outcome of the present suspense. The re-

port sent out by a news agency of this city, saying an official message had been received in London that all the foreigners in Peking were murdered July 6 is said to have originated at the Japanese legation, but inquiry there elicited the statement that no telegram dealing with the situation at Peking had reached the legation for some days and that nothing was known there lending support to the story beyond the Shanghai tales. The British foreign office is equally without confirmatory information and the same reply was received at the Chinese legation.

Little News From China.

London, July 13.—In the house of commons, replying to questions on the subject, the parliamentary secretary of the foreign office, Mr. Broderick, said that little news had been received from China. Her majesty's government, he explained, had been unable to communicate with the British naval officers in China, as the land lines between Che Foo and Shanghai had been cut. A dispatch, purporting to have been sent from the emperor of China to her majesty's government, was received, but the secretary said he was unable to promise to make its contents known.

Troops to Fight Rebels.

Berlin, July 13.—According to a semi-official telegram from Canton, Li Hung Chang received a written imperial edict, dated June 17, and sent overland, in which all the governors were urged to dispatch their troops with the utmost speed to help against the rebels, among whom Prince Tuan was clearly indicated. Acting on this edict, which is said to be undoubtedly genuine, Li Hung Chang is sending some thousands of troops to Peking, and the other governors are probably doing the same.

Cable Communications Desired.

Washington, July 13.—An attempt has been on foot for some days past to arrange between the powers now operating in China for an international cable connecting the base of Chinese operations, and either with Shanghai, Port Arthur, Yokohama or some other point, through which more speedy communications can be had with the outside world. The state, war and navy departments here have all been parties to the conference, which has been conducted with a great deal of diplomatic secrecy.

Little Room For Hope.

London, July 13.—A telegram received at the office of the Chinese Imperial maritime customs in London from the governor of Shan Tung is identical with the United States Consul Goodnow's report of the bombardment of the legations July 7. The officials here regard the dispatch as leaving little room to hope the legations have survived.

Rebels Defeated.

Brussels, July 13.—The Belgian foreign office has received a cable dispatch from Shanghai, announcing on Chinese authority that General Nieh Chang has defeated the rebels near Peking, and has relieved Prince Ching and General Yung Lu, who are trying to defend the Europeans.

Will Not Go to China.

Madrid, July 13.—Senator Silveira, the Spanish premier, says that no Spanish war vessel will go to China, Spain having no interests to defend in the extreme Orient.

Time of Murders.

London, July 13.—A news agency report says that an official message received in London states that all the foreigners in Peking were murdered July 6.

Quiet at Canton.

Canton, O., July 13.—After the crush of people and the exciting incidents of Thursday comparative quiet prevails at the McKinley home. The lawn itself is positively disfigured for the season, but near the house the gardeners have already effected a decided improvement. Next to the porch foundation a row of blooming geraniums has been planted and inclosed with border plants of pretty foliage. A more extended drive than usual was the principal incident of the morning. This was through the city over country roads and to Meyers Lake, the pretty summer resort just outside the city. The president himself held the reins, and the other seats were occupied by Mrs. McKinley, Mrs. Day and Mrs. Dawes.

Commercial Treaty.

New York, July 13.—The commercial treaty between the United States and Italy just ratified by the Italian chamber of deputies is an agreement similar to those already made with France and Germany under Section 3 of the Dingley act.

Will Go to Frisco.

Atlantic City, N. J., July 13.—The American Association of Bill Posters of the United States, in session here, selected San Francisco as the place for holding next year's convention.

CAMPAIGN MANAGERS.

Republican Executive Committee and Officers Are Selected.

PERRY HEATH CHOSEN SECRETARY.

Party Leaders Meet In Mr. Hanna's Office at Cleveland—Myron T. Herrick Is the Representative From Ohio.

Cleveland, July 13.—An important political conference attended by a number of Republican leaders was held at Senator Hanna's office here.

The meeting was called by Mr. Hanna to discuss and decide upon the personnel of the new executive committee, and to name a secretary of the national committee to succeed General Charles F. Dick. Before the conference closes it is also probable that a member of the national committee to fill the vacancy caused by the resignation of George B. Cox of Ohio will be chosen.

Among those present at the conference were Chairman Hanna, Cornelius N. Bliss, Perry S. Heath, Charles F. Dick, Henry C. Payne, Charles Dawes, Myron T. Herrick and others.

At noon Senator Hanna announced that the following had been chosen members of the Republican national executive committee: Graeme Stewart, Illinois; Henry C. Payne, Wisconsin; Richard C. Kerens, Missouri; J. H. Manley, Maine; M. B. Scott, West Virginia; Frederick S. Gibbs, New York; Franklin Murphy, New Jersey; Myron T. Herrick, Ohio; Harry S. New, Indiana, with Chairman M. A. Hanna, Secretary Perry S. Heath and Treasurer Cornelius N. Bliss.

General Charles F. Dick's resignation as secretary of the national Republican committee was received and accepted.

Messrs. Hanna, Heath and Payne were named as a committee to draft resolutions concerning the resignation of General Dick. Mr. Hanna stated that the personnel of an advisory committee was under consideration, but that it would not be announced for 10 days or two weeks.

It was also said that the members of the old national committee of 1896 requested President McKinley to consent to the resignation of Mr. Heath as first assistant postmaster general, in order that he might become secretary of the national committee. Mr. Heath will tender his resignation to the president in about a week or 10 days.

The resignation of General Dick comes as the result of the unanimous election of the Ohio Republican state central committee and the call of the party of the state to lead them in this important campaign, and is recognized as the universal desire of the party organization of the state. It is the understanding of the executive committee that President McKinley also requested General Dick to take charge of the Ohio campaign.

Run on a Bank.

Newark, N. J., July 13.—The director of the Dime Savings bank of Newark, N. J., decided to close the institution's doors until its affairs can be straightened out. The announcement that Charles Westervelt, the bank's secretary and treasurer, had been arrested on a charge of having stolen a large sum of money, caused a large crowd of depositors to assemble to withdraw their funds, and there was much excitement when it was learned that the doors would not be opened. The crowd became so large that police reserves were called out to preserve order. President Orton of the bank is preparing a statement of the bank's affairs, which will be given out when completed. Westervelt was arrested at Lyons Farms, a few miles from Newark, and taken to East Orange, where he was arraigned and committed to jail in default of \$10,000. The specific charge against him is that he raised a withdrawal check from \$200 to \$1,200.

Educational Addresses.

Charleston, S. C., July 13.—Professor William Beardshear of the Iowa state college of agriculture was the first speaker at the morning session of the National Educational association. His paper dealt with the influence of poetry in education in education from the basis of aesthetics. "The Value of English Literature in Ethical Training" was the title of a well received paper read by Principal Reuben Post Halleck of Louisville, Ky. Dr. Martin C. Brumbaugh of the University of Pennsylvania, recently appointed commissioner of education for Porto Rico, was the last speaker. The title of Professor Brumbaugh's paper was "Educational Principles Applied to the Teaching of Literature."

Large Attendance.

Cincinnati, July 13.—Musie hall, with

a seating capacity of 5,000, was packed at the second day's session of the tenth international assembly of the Baptist Young People's union. Dr. H. M. Wharton of Philadelphia spoke on the "Secret Power"; Carey Emerson of Minneapolis on a "Good Investment." The following officers were elected: President, John Chapman, Illinois; recording secretary, H. W. Reed, Wisconsin; treasurer, Frank Moody, Wisconsin.

THE JESTER TRIAL.

Brother of Murdered Man Tells Why He Is Pushing the Case.

New London, Mo., July 13.—Ex-Governor Charles P. Johnston of St. Louis, one of the chief attorneys for the state in the trial of Alexander Jester, charged with the killing of Gilbert Gates, brother of John W. Gates, made a statement as to the reasons which led to the prosecution by Gates of the aged prisoner. He said: "The Gates family had long since given up all intention of ever pushing the case of the murder of their brother to trial. One year or more ago this man was forced again to the attention of the Gates family under the most peculiar circumstances by Jester's sister. John W. Gates told us he felt it a duty he owed to the memory of his dead brother, a duty he owed the state and, above all, a duty he owed his aged parents to demand a vigorous trial and an unearthing of all the testimony possible. We have had detectives follow that open trail through four states and knew nearly every act of Alexander Jester for the past 30 years."

Francis M. Dawson, who lived about four miles east of the Hulin lane and south of the Paris (Mo.) road in 1871, took the stand. He testified that in January, 1871, he met Alexander Jester in this lane. The old man had two teams and two wagons.

They were standing still in the road at a point west of the Madison road. As Dawson passed Jester asked him how far it was to a road on which he could turn south. This evidence is considered significant, as showing that Jester's turning from the main thoroughfare was intentional.

John DeMott of Valley Center, Kan., testified that he had lived there 20 years, and had known Jester for 30 years. He never knew Jester as "Bill." Jester lived with his wife and seven children, and had on his place in 1870 a 2-horse "jolt" wagon and a buffalo calf. The witness said Jester not only farmed, but also preached and was an attendant at Sunday school.

J. C. Templeton of Renick, Mo., testified that he saw Jester and Gates at Renick in 1871. Jester exhibited the buffalo calf there, and took up a collection. This is supposed to be a short time before Gates was killed. Jester's daughter Alice arrived from Norman, O. T.

Joseph B. Delaney, an old citizen of Monroe county, testified that his wife awakened him at their home near Middle Grove, one night in January, 1871, and told him she had heard cries of distress. Mr. Delaney said he went to the camp next morning and inquired the cause of the cries. He said Jester replied that during a dream he had choked young Gates and Gates had screamed. The witness then pointed to Jester as the same man who told him the story that morning in January, 1871.

No Gold Democratic Ticket.

Washington, July 13.—"The Gold Democrats will not put a ticket in the field this year," said W. D. Bynum of Indiana, chairman of the Gold Democratic executive committee in 1896. "We can not get our electors on the official ballot in New York because no votes were cast for the party candidate for governor in 1898, and the state law requires that a certain number of votes shall have been cast for state offices in the preceding election before the nominees of any party can go on the official ballot on the pending contest. Our party organization in New York was abandoned two years ago, members of our party voting other tickets."

Wants Bryan Invited.

Chicago, July 13.—A local paper says: "The fact that William J. Bryan has not been invited to attend the Grand Army encampment to be held here next month was brought to the attention of Mayor Harrison and the mayor at once addressed a letter to the encampment committee pointing out the omission. Unless at the meeting of the Grand Army, which President McKinley is certain to attend, the same attention is paid to the presidential candidates of both parties, Mayor Harrison said the encampment would pass without the official recognition of the city."

Columbus, O., July 13.—Ohio Cereal company, Circleville, \$500,000; Imperial Grain and Milling company, Toledo, \$15,000.

ARREST OF SUSPECTS.

Railroad Detectives Locate Supposed Train Robbers.

DESPERATE FIGHT WITH ONE MAN.

Charles W. Barnes, Accused of Looting the Illinois Central Express Car Near Wickliffe, Captured at St. Louis.

St. Louis, July 13.—Charles W. Barnes of West Bell Place, suspected of being one of the robbers that stopped the Illinois Central train and looted its express car of \$10,000, three miles south of Wickliffe, Ky., early Wednesday morning, was arrested at his home.

John Nelson, Barnes' partner, escaped from detectives, leaving a trail of blood. Forty shots were exchanged between the fugitive and the officers. Special Agent George Murray, chief of the Illinois Central railway detective bureau, was shot in the arm.

Barnes was taken by surprise. In effecting his capture a false telegram was sent to his residence. On his person were found \$88, a pistol and a pair of field glasses.

Express Messenger G. F. Hickox, who was in the car that was robbed, called at the police station at noon to see Barnes, but could not identify him positively. Mrs. Barnes called at the police station and said her husband had left the city Tuesday, July 3, and returned Tuesday night. She claimed she does not know where he had been.

Mike Conley, alias Doyle, who confessed to Chief of Police Mahoney, at Cairo, Ill., that he was one of three men who held up the train at Wickliffe, said he met the others at St. Louis, where the robbery was planned. He had known the men about one year. A couple of weeks ago they wrote him to meet them in St. Louis, where they arranged the details of the plot. Since then he has been in Carbondale, Ill., and other places. His description of one of his partners tallies with that of Barnes, who is tall and thin.

Cattle Perish For Want of Water.

Los Angeles, July 13.—Reports from the drought stricken sections of Arizona are to the effect that every water hole and most of the wells have gone dry. In consequence cattle are dying by the thousands and their shrunk frames dot the desert country of Pima, Pinal, Santa Cruz, Yuma, Cochise and parts of Maricopa counties. The loss to owners of herds can not be computed, as in their present gaunt condition no market can be found. Rarely in the history of the territory has the water in the Gila and Salt rivers been so scarce.

A Car Shattered.

St. Louis, July 13.—Two thousand solicitors engaged by the trades and labor unions of St. Louis to canvass the city and collect contributions for the striking street railway men's bus lines began work. They will also endeavor to ascertain what proportion of the population is in favor of trades and labor unions. A car on the Easton avenue line of the Transit company ran over an explosive, which shattered the front truck of the car. Nobody was injured.

Want Compensation.

San Francisco, July 13.—The Chinese residents of the recently quarantined district of this city are preparing to demand compensation for losses alleged to have been sustained owing to the action of the health officials. Detailed lists of losses are being estimated by the attorneys at about \$2,000,000 against the city of San Francisco, or of a claim of about that amount against the federal government.

Shops Burned.

St. Paul, July 13.—Fire broke out in the buildings formerly the Chicago Great Western railway shops at South Park. Seven buildings and a number of railroad cars were destroyed and the flames were not under control. The fire is said to have been caused by an explosion of oil. The shops of the railroad company were recently moved to Oelwein, Ia., and the buildings here were used as storehouses.

Evidence of Murder.

Chattanooga, Tenn., July 13.—A farmer made a ghastly find on the Chattanooga dirt road. It was the remains of a white man 60 years of age, hidden in a clump of bushes near the road. A piece of an old quilt was tied over his head and a rope around his neck. A coroner's jury returned a verdict that the unknown man was murdered. There were no means by which he could be identified.

Cardinal Gibbon of Baltimore will preside at the dedicatory exercises of the Detroit Catholic summer school.

DEMOCRATIC TICKET.

FOR PRESIDENT,
WILLIAM JENNINGS BRYAN, of Nebraska.
FOR VICE PRESIDENT,
ADLAIDE STEVENSON, of Illinois.
FOR CONGRESS,
J. N. KIRK, of Mason County.

Fair and warmer to night.
Sunday, fair.

BRYAN and Stevenson will be formally notified of their nomination at Indianapolis on Wednesday, August 8. The speeches will be made by the Hon. James D. Richardson, of Tennessee, and Gov. Charles S. Thomas, of Colorado.

WILLIAM WALDORF ASTOR, who left the United States and went to London because, as he said, there were no gentlemen in this country, has been kicked out of English society and has lied himself to Germany. This snob richly deserved what he got in London.

HON. JOHN B. McLEAN is going abroad this year and the Ohio delegation to the Democratic convention will have to pay its own way. This renders the heavy charges of the Kansas City hotel-keepers all the more distressing.—Public Ledger, July 13th.

Mr. McLean has been in Europe several weeks. The Ohio delegation was not composed of beggars or paupers, and didn't have to call on any one to pay their expenses.

JOHN M. HENDERSON, of Springdale, who is with Uncle Sam's army in the Philippines, writes his father: "There is said to be about 65,000 troops on these islands. I don't see what good we are doing, as we get no fighting to do." This army of 65,000 men to carry out Mr. McKinley's policy of "criminal aggression" is proving a costly thing for the taxpayers of the United States. But what does Mark Hanna care?

WHEELING, W. Va., July 10.—Three hundred miners at Flemington struck against a 20 per cent. cut in wages. The company has asked for protection, trouble being threatened.

The coal combine ought to "get rich quick" by cutting the wages of the miners and by advancing the price of the output. With coal three or four cents higher now than a year ago, it looks like the miners' wages ought to be increased instead of being cut.

The plain steadfast honesty of purpose exhibited by William Jennings Bryan has placed him in the foremost rank of statesmen of all ages," declares an exchange, "while the wabbling and pliant attitude exhibited by William McKinley has dwarfed what might have been a great figure in American political history, to a mere photograph of what may be termed 'practical politics' which the American people have learned to recognize as Hannaism. Mr. Bryan would rather do what he believes is his duty than to follow the 'expediency' leaders and be President, and we honor and reverence him for his steadfast honesty."

A POLITICAL THUG.

The Toledo Blade, an intensely Republican paper, discusses the selection of George B. Cox as member of the Republican National committee from Ohio and says:

This action was taken by the majority to fulfill a promise said to be made by Senator Hanna to Cox in return for the latter handing over the votes of the Hamilton County delegation in the last convention to secure the nomination of Governor Nash.

One newspaper correspondent telegraphs to his paper that Cox's election "was accomplished with ease; as a matter of fact it was practically a ratification of the choice of the party leaders of the State." This is entirely too mild a statement of the case. It was simply the carrying out of a corrupt bargain, made by Senator Hanna, in defiance of the will of the best element of Republican voters of Ohio.

Here we have a very clear illustration of the evil of boss methods in politics. The position of National Committeeman from the great Commonwealth of Ohio is a big honor. The man chosen should be one who has the respect and confidence of the party. Cox has neither. He is a political thug; a man who has made politics a business, his means of livelihood. His name is a stench in the nostrils of every decent, self-respecting voter in the State of Ohio.

Mr. Hanna has made a colossal blunder in forcing the Republican party of Ohio to pay his individual debts. The voters of that party in Ohio will have none of Cox in their party affairs, and Mr. Hanna should know it. His long domination in Hamilton County is a disgrace which they keenly resent. They look forward to a day of reckoning, and it is coming.

The Blade and other Republican papers made it so hot for Cox that he finally resigned(?) his place on the committee.

EXPANSION AND IMPERIALISM.

"Imperialism has become a favorite word in the national vocabulary," says a writer. "Destiny is the name of its fateful brother. Trade expansion is the mystic verbal tie that binds them. All are paraded as the cause or the excuse for every sin against the organic law of our fathers, while clamorous appeals to a so-called patriotism drown the solemn warning of sages and of statesmen against the certain tendencies of the new dispensation.

"The salve of an unavoidable necessity is applied to the national conscience, while its criticisms are stilled by the incantations of trade statistics compiled in the interest of monopolies which pursue their pathway of constant accumulation through all the vicissitudes of the eventful years, unmindful of the decay of our institutions and unperturbed by the ebb and flow of the surging tides of public opinion that soon shall overwhelm all who have used the machinery of the republic for the extinction of a commonwealth.

"We believe in that expansion which under Democratic rule brought half the continent as a galaxy of commonwealth into the Union. We denounce that expansion which by contract overcomes the people of a hemisphere under the pretext of giving them liberty, which governs them by force, which denies to them the rights of citizens, which subjects the American workmen to the competition of hordes of Orientals from the so-called American provinces to take his place at the forge, in the field and in the factory."

THE TREASURY SURPLUS.

Mr. McKinley's Secretary of the Treasury has reported with some show of pride a surplus amounting in round numbers to \$8,000,000—the first surplus, he points out, in seven years. Such a publication is a fair instance of Republican dishonesty and juggling. Mr. Gage knows, as every intelligent American knows, that the surplus of which he makes his boast could have no existence in fact were it not that the special taxes imposed to pay the cost of the war with Spain have been continued, although the war has long been a thing of the past.

IN POWER'S OFFICE FLOOR.

Those Shots Were Fired Following Governor Goebel's Assassination.

[Frankfort Argus.]

Last week another one of the mysteries in the Goebel assassination was unraveled, and now the whole cowardly plot is known. As everybody here knows, several shots were fired after the shot that killed Gov. Goebel. Where those bullets lodged has been a mystery, until last week when the carpets in the Executive Building were taken up. Detectives Harding and Armstrong with several witnesses in the case examined the carpets, and in the one taken from Caleb Power's office bullet holes were discovered, and upon examining the floor of the office the bullets were found embedded in the wood. Three bullets were found, and that is enough to prove there were others in the room when the cowardly wretch fired the fatal shot.

To the Farmers.

I wish to know the size, location and quality of this year's wheat crops. In order to secure this information I ask any farmer who sees this to send me a peck of wheat in a good strong wheat sack that will roll back and form a bin to prevent spilling. For the best sample of No 2 I will give a premium of \$10. Best No. 3, \$5. Best no grade or rejected, \$2.50. Notify me by postal card if you wish to compete for the premiums and send in samples as rapidly as possible for grading and testing. Watch the local papers for further information upon this subject.

Republican Alarm in Wisconsin.

[Pittsburg Post.]

The Republicans are somewhat alarmed over the political situation in Wisconsin, caused by what one of their leading papers calls "the ominous silence among the Germans." The imperialist plunge of the administration does not rest easily on the German mind. The "silence" of the Germans is declared to resemble the situation at the outset of the campaign over the Bennett school law of some years ago, which drove the Germans in a body over to the Democrats and carrying the State against the Republicans.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1. Trial bottles free at J. J. Wood & Son's drug store. Every bottle guaranteed.

He had been suffering for several days with toothache, and on Wednesday evening decided to have the tooth drawn. He went to a dentist and requested that he be given something to deaden the pain. The dentist applied cocaine and drew the tooth. Immediately after the tooth was drawn the boy was seized with convulsions, which continued during the night, and he suffered greatly until death relieved him.

SLAVERY,

Vagrancy Law of Kentucky Was Declared By Judge Morrow—Believed Unconstitutional.

SOMERSET, KY., July 12.—The vagrancy law was the subject of an interesting opinion handed down to-day in the Pulaski Circuit Court by Judge Morrow. Josh Jones stood indicted under the law, and when the case was called a demurrer to the indictment was entered by counsel on the grounds that the law was unconstitutional. Judge Morrow in passing on the case said that he believed the law to be unconstitutional and in evident conflict with the Constitution of the State and with the thirteen amendment to the Federal Constitution.

This amendment prohibits slavery and involuntary servitude except as punishment for crime on conviction by due process of law. Judge Morrow held that the penalty for vagrancy was out of all proportion to the gravity of the offense, and was nothing less than human slavery. The penalty is that the person so found guilty shall be sold at public auction to the highest bidder and forced to labor for his master for one year. This law makes the private person a master.

Judge Morrow said, in conclusion, that while he was in favor of some act of legislation which will protect the thrifty and energetic against the lazy and indolent, he could not sanction any law so plainly in conflict with the Constitution and so utterly in variance with all ideas of legal punishment. The demurrer was, therefore, sustained and the indictment dismissed.

SAY!
WHAT?
WHITE, JUDD & CO. SELLING OUT!
I CAN'T BELIEVE IT.

It's true all the same. G. S. Judd sold out to Mr. White and went West. J. F. Martin then sold out to Mr. White and now Mr. White sees that he cannot see well enough to conduct the business, so he has decided to close out his large and elegant stock of Furniture at cost. No 10 per cent. cut plan but at COST.

IF YOU NEED ANYTHING IN THE FURNITURE LINE NOW IS THE TIME TO SECURE IT CHEAP.

And if you don't need it just now it will pay you to buy at the cut prices for future use. Come and look through our stock and be convinced.

C. H. WHITE.

Mr. White went to Cincinnati a few days ago to have his eyes operated on, but his physician concluded it was not advisable at present, so he has decided to sell out and quit business.

He will sell any or all the houses he owns in Maysville—some at cost and some below cost, and on from one to five years' time, deferred payments to bear 5 per cent. interest.

The Bee Hive

GREAT PRICE REDUCTIONS ON SHIRT WAISTS.

We are keeping the store busy during a usually dull month by our policy of great price reductions on seasonal merchandise. You will find this particularly true in our Shirt Waist stock. Profits are entirely sacrificed and cost not considered. Mark these changes:

All 50c. and 59c. Waists are now 39c.
The 75c. kind are marked 49c.
\$1 and \$1.25 Waists drop in price to 75c.
The \$1.39 and \$1.50 kind to 98c.

The above includes both colored and white Shirt Waists, all splendid styles and this season's goods. The stock is still large and well assorted—all sizes.

50c. Summer Corsets at 39c.

We bought these by the case lots—probably more than we needed. To make 'em sell quickly we give you the profit. It's a remarkably cheap corset at 50c., but it is a paying advertisement for us to mark 'em 39c. Ask to see them.

12½c. Lawns at 8½c

This case of Lawns just arrived. Had they come earlier they would have sold for 12 cents a yard. A fortunate purchase indeed. We gain your favor by selling something away under regular price. About forty different styles in the lot. The price 8½c. a yard.

Aberdeen Gretna Green: "Bob Cummings, of Maysville, was out in his sailboat last Sunday afternoon enjoying the stiff breeze blowing. When about opposite the Maysville Cemetery a heavy squall of wind caught the boat, capsizing it. Squire Aseal Stewart and George Roth witnessed the accident from the Ohio shore and went to the rescue of Mr. Cummings and landed him and his boat on the Kentucky shore. The river was very rough and but for assistance Mr. Cummings would have drowned."

EARNED, NOT BOUGHT.

Such is the Reputation of "The Little Conqueror" in Maysville.

How hard it often is to earn and maintain a good reputation and how easy it is to lose one. As with a man's reputation so it is with other things in life. Some things achieve a reputation which stays with them. They are founded on intrinsic value. They face the public backed up by honesty and work their way quietly but thoroughly. Maysville people want no better proof of merit than the is contained in the following experience of a citizen:

Mr. C. L. Hubbard, dairyman, of 325 West Third street, says: "I have the greatest faith in Doan's Kidney Pills. The use of less than one box ended a disturbed condition of the kidneys and an inflammation of the bladder. After some time it returned, but in a lesser degree, and I procured another box of Doan's Kidney Pills at J. James Wood & Son's drug store. I use of it substantiated the opinion I had already formed of this effective preparation."

Sold by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

JURY COMPLETED.

Names of Twelve Men Who Will Try Caleb Powers.

Georgetown, Ky., July 13.—The fifth day of the trial in the case of ex-Secretary of State Caleb Powers found the jury uncompleted, with four jurors to be supplied, eight having been accepted. The deputy sheriff rode into the country districts, in accordance with the order of the court, and summoned an extra venire of 40 jurymen. The court was late in getting to work, on account of waiting for Mr. Owens of the defense, who was injured by a streetcar, but who, against the advice of his physician, insisted on taking part in the case, though he had to come on crutches.

The prosecution exhausted its number of peremptory challenges by excusing Erasmus Ware, anti-Goebel Democrat, who had been temporarily seated as a juror.

The jury was completed at 11 o'clock and is as follows: W. O. Tinder, farmer, anti-Goebel Democrat; I. Z. Stone, farmer, anti-Goebel Democrat; A. W. Craig, merchant, Democrat; W. P. Munson, farmer, Democrat; W. H. Oldham, merchant, Democrat; George Murphy, farmer, Democrat; J. C. Porter, farmer, Republican; Alonzo Kemper, farmer, anti-Goebel Democrat; B. E. Ford, farmer, Democrat; J. C. Crosthwaite, carpenter, Democrat; J. T. Mulberry, blacksmith, Democrat; Harris Musselman, farmer, Democrat. Court adjourned till 2 p. m., when the prosecution made the statement of what they expect to prove. Colonel T. C. Campbell made the statement.
